EASY DYNAMICS℠

ENGINEERED FOR EXCELLENCE.

An Overview of Our Company & Capabilities

Easy Dynamics has nearly two decades of hands-on experience **designing, deploying, and managing cybersecurity solutions** across agencies of every size.

Our world-class team of engineers, consultants, and subject matter experts have the skills and experience to solve even the most complex organizational challenges. We shine the bright light of cybersecurity on everything we do, illuminating the **critical importance of data and information security** in every aspect of our services.

Past Performance

Department of Education

+ Identity, Credential, and Access Management
+ Zero Trust Architecture
+ FISMA Automation
+ Accelerated CSP Go-Live

Department of Homeland Security

+ DevSecOps & Agile Delivery
+ FISMA H/H/H Cloud ATO
+ ICAM & Cybersecurity Services
+ Zero Trust Assessment & Implementation

General Services Administration

+ Program Management Office
+ Digital Identity Verification
+ Government-Wide Shared Services
+ Privacy Engineering & Risk Management

U.S. Department of Agriculture

+ Identity, Credential, and Access Management
+ Enterprise Operations Management
+ Zero Trust, FIDO2, and EO Alignment
+ HSPD-12, Logical, and Physical Access

Defense Information Systems Agency

+ DoD-Wide Cloud Strategy
+ Cloud Purchasing Governance
+ Financial Cost Integration
+ Cloud Provisioning

Internal Revenue Service

+ Digital Identity Strategy
+ Enterprise Risk Management
+ Enterprise Process Improvement
+ Requirements Management

EASY DYNAMICS ℠

Our Cybersecurity Capabilities

Identity, Credential, and Access Management

We apply our in-depth knowledge of ICAM best practices to deliver robust security, streamlined user access, clear policy alignment, and targeted regulatory compliance – all while maximizing efficiency and minimizing implementation challenges.

+ FICAM/ICAM Maturity Strategy & Roadmap
+ ZT Maturity Strategy & Roadmap
+ FISMA Maturity Strategy & Roadmap
+ Credential Services Strategy

+ Identity Verification Strategy
+ Identity Proofing Strategy
+ Tier 3 Strategic ICAM PMO
+ Identity Lifecycle Management

+ Application Integration
+ SSO & SCIM Integration
+ Biometric Identity Strategy
+ HSPD12 Maturity Integration

Our Cybersecurity Capabilities

Velum™ Cloud Delivery

Easy Dynamics combines technical skill, program management experience, and compliance know-how into a single holistic solution, helping agencies rapidly leverage the efficiency, security, and reliability of modern cloud delivery.

+ Application Portfolio Assessment

+ Fit-for-Cloud Assessments

+ Design & Architecture

+ Cost Optimization

+ Cloud Platform Roadmap

+ Cloud Platform Landing Zone

+ Agile Program Management

+ CI/CD & Automated Testing

+ DevSecOps

+ Zero Trust Architecture

+ Compliance Automation

+ Compliance-As-Code

EASY DYNAMICS ℠

Our Cybersecurity Capabilities

Risk Management

Our Risk Management services provide organizations with a clear roadmap for optimizing their risk reduction processes, delivering the tools and expertise they need to protect critical assets and safeguard their missions.

+ Risk Management & Readiness Foundation

+ Comprehensive Compliance Consulting

+ OSCAL Compliance Automation

+ ISSO Support Services

+ Data Privacy Services

+ Security Architecture Design

+ Encryption & Data Protection

+ Access Control

+ Patch Management & Vulnerability Remediation

+ Security Monitoring & Incident Response

+ Auditing & Logging

+ Continuous Testing & Validation

Our Cybersecurity Capabilities

Automation & Resiliency

Easy Dynamics can rapidly transform organizational processes to increase security, improve efficiencies, and build in durable resiliency – all without disrupting critical operations or end-user experience.

+ Cloud-Native Architecture

+ CI/CD Pipelines

+ DevSecOps

+ Infrastructure-As-Code

+ Configuration Management

+ Security Controls Implementation

+ Operational Monitoring & OCM

+ Vulnerability Scans

+ Compliance Checks

+ Gated Deployments

+ Enterprise SecOps Integration

EASY DYNAMICS ℠

Accelerated Identity Market Research
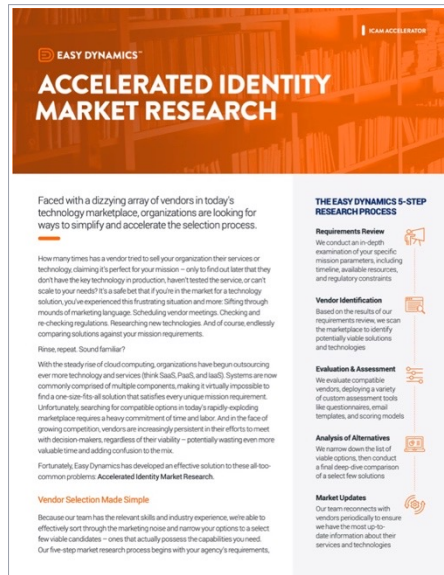

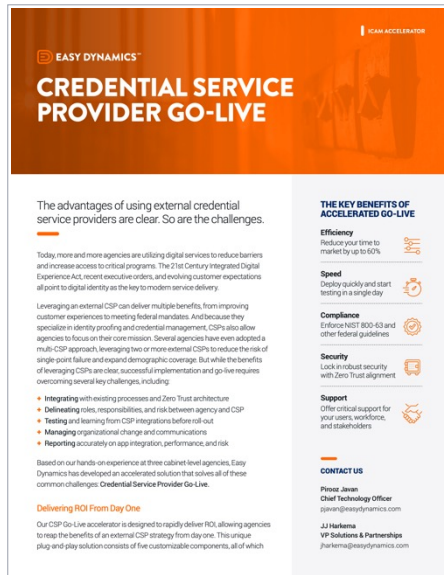

As cyber threats, federal guidelines, and marketplace capabilities continue to evolve, our **Accelerated Identity Market Research** keeps organizations one step ahead with faster, easier, more confident vendor selection. By applying our technical skills and deep industry experience, Easy Dynamics can effectively sort through the marketing noise and focus on a select few candidates – those that actually possess the right capabilities.

Credential Service Provider Selection
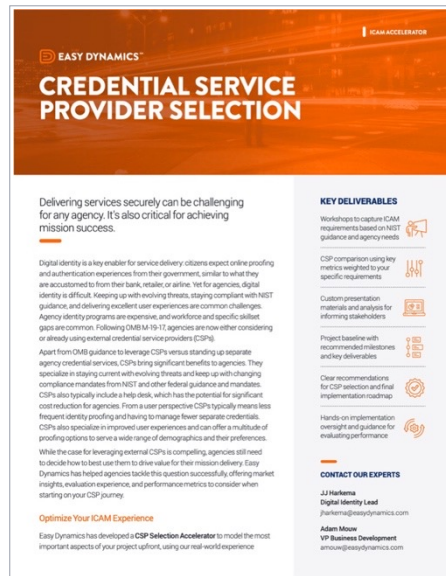

Our **Credential Service Provider Selection** accelerator was developed to model the most important aspects of a project upfront, applying real-world experience to identify key decision points and map a clear path toward integration. By revealing actionable insights and evaluating the services of market providers, our team unearths key factors that can influence the effectiveness and overall success of your program.

Credential Service Provider Go-Live

The advantages of leveraging external CSPs are clear: they improve user experiences, facilitate meeting federal mandates, and allow agencies to focus on their core missions. But implementation hurdles and protracted go-live timelines can be daunting. Our **Credential Service Provider Go-Live** accelerator solves the challenges of deploying an external CSP strategy, allowing agencies to begin reaping the benefits from day one.

OSCAL Adoption Framework

In 2021, NIST introduced a standardized approach to security compliance management with its release of the **Open Security Controls Assessment Language (OSCAL).** To facilitate the journey to OSCAL adoption, Easy Dynamics has developed a comprehensive framework that describes a 6-step process – from selecting a target system to change management efforts – allowing organizations to develop and maintain highly-reusable compliance artifacts.

1. Identify Target System
2. Educate Stakeholders
3. Select Target OSCAL Artifacts
4. Define Responsibility
5. Develop Ongoing Monitoring Approach
6. Implement OSCAL Artifacts

The Easy Dynamics 6-Step OSCAL Process
